

# Hyper Ledger Fabric and Enterprise Ready Blockchain

THEMATIC AREA: Blockchain

WEBINAR TITLE: Hyper Ledger Fabric and Enterprise Ready Blockchain

DATE: Friday 15<sup>th</sup> May 2020

TIME: 12:00 – 13:00 BST

DURATION: 1 Hour

VENUE: Online

CONTACT: [blockchain-secretary@ieee-ukandireland.org](mailto:blockchain-secretary@ieee-ukandireland.org)

## > WEBINAR HIGHLIGHTS

As an introduction to IBM's Blockchain capability, this webinar is designed to discuss the need for blockchain technology in our modern world. This webinar will cover the IBM Blockchain Platform, Hyper Ledger Fabric an open source framework, created through collaboration of 400+ developers, which has become the standard for enterprise blockchain platforms. The webinar will also discuss potential future applications of blockchain and new markets/ industries that could benefit from this technology. Finally the webinar will discuss some IBM case studies of enterprise blockchain solutions and how they have brought trust and transparency to industries.

## > WHO SHOULD ATTEND

This webinar is intended for everyone, from students curious to know more about blockchain technology to practitioners who work in the field, to people who consume services online on a daily basis.

## > WEBINAR OBJECTIVES

- Introduction to Hyperledger Fabric blockchain- what it is and why it is needed
- Understand how Hyper Ledger fabric is powering the transformation of businesses across the world.
- Discuss the potential applications of Blockchain technologies across industries and benefits.
- Finally, a deeper dive into some of the IBM case studies of enterprise blockchain solutions in use today.

## > THE SPEAKER

Tim Rook a strategic leader at the intersection of industry, energy, sustainability and technology. Building on extensive sector experience to work with clients in manufacturing, engineering services, energy and construction to implement real transformation using the latest technology such as AI, blockchain, hybrid cloud, security and data analytics.

## > WEBINAR CONTENTS

1. Intro to Blockchain
2. Hyper Ledger Fabric
3. Enterprise Blockchain Opportunities
4. Case Studies

## > ACCREDITATION

This webinar is accredited by IEEE UK and Ireland Section.

## > TRAINING WEBINAR STYLE

This training Webinar is practical, participatory and personal. We focus on real issues and help participants to benefit from the techniques covered, rather than just discuss them. A variety of learning methods are employed to stimulate interest and meet the differing needs of participants– including illustrated presentations, discussions, and case studies.

## > REGISTRATION
