

# Professional Registration and Industrial Delivery: Autumn 13/11/2020

Brian Harrington and Rod Muttram

## Key Achievements and member value/services

- A focus group was held on the 12<sup>th</sup> August, 2020.
- The Steering Group took part in the Engineering Council's Professional Affiliates Seminar on the 15<sup>th</sup> September, 2020.
- Statistics are established for the IEEE Ireland membership.
- The IET event on career management towards Professional Registration was attended.

## Current plan of activities

- Understand relationship between Engineers Ireland and the Engineering Council in respect to IEEE.
- Achieve full understanding of Engineering Council's "Registration Code of Practice".
- Complete exploration with chosen Licensed Institutes.
- Work towards an MOU with each of the Licensed Institutes where agreements have been reached.

## Focus areas (2020-2021)

Goals	KPIs	Challenges to reach KPIs/ Resources
Clarify Southern Ireland position.	Agreement with IEEE Southern Ireland membership.	Relationship between Engineers Ireland and the Engineering Council. Possible consequential effect of any IEEE deliberations or Brexit, etc.
Complete negotiations with Licensed Institutes.	A MOU for each successful association established.	Access to appropriate decision makers not ideal.
Complete negotiations with Licensed Institutes.	Costs and Benefits established. IEEE agreement on dual membership subscriptions.	P.R. benefits need to be seen to justify any additional costs for members. Support from IEEE that P.R. is supportive of the Institutes forward plan. Consider IEEE Senior Member as IEng candidate.
