

Professional Registration and Industrial Delivery

Brian Harrington and Rod Muttram.

Key Achievements & member services in 2020

- “To provide resources to Sections to Serve Industry Professionals and engage with local Industries”. IEEE Sections’ Congress 2020.
- A dialogue with the Engineering Council was deferred owing to closed offices and Brexit.
- IET events on career management towards Professional Registration have been followed.

Current plan of activities for 2021

- Understand relationship between Engineers Ireland and the Engineering Council in respect to IEEE.
- Achieve full understanding of Engineering Council’s “Registration Code of Practice”.
- Complete exploration with chosen Licensed Institutes.
- Work towards an MOU with each of the Licensed Institutes of interest.

Focus areas (2020-2021)

2020 Goals	2020 KPIs met?	2021 Goals
Clarify Republic of Ireland Position.	Review with Engineering Council License Office deferred.	Relationship between Engineers Ireland and the Engineering Council. Possible consequential effect of any IEEE deliberations or Brexit, etc.
Complete negotiations with Licensed Institutes.	Offices of Licensed Institutions closed.	Access to appropriate decision makers not ideal.
MoU Required with Licensed Institutions	Draft examples exist for IET and Engineers Ireland.	P.R. benefits need to be seen to justify any additional costs for members. Support from IEEE that P.R. is supportive of the Institute’s forward plan. Consider IEEE Senior Member as IEng candidate.
