**Plan of activities for 2022**

- Increase chapter activities, cross-chapter and cross-society collaborations.
- Organising hybrid/face to face seminars
- Spending the start-up grant for increasing the industry involvement and arranging distinguished lectures
- Increasing the number of members

**Key Achievements & member services in 2021**

- Formed in September 2021
- Applying and receiving $1000 (£721) startup grant from NCC.
- IEEE Nanotechnology UK & Ireland Chapter Kick-Off Meeting with presentations from subject experts:
  - Anatoly Zayats, Co-Director of the London Centre for Nanotechnology (LCN), Richard
  - Pitwon, CEO Resolute Photonic, and Chair of IEEE UK & Ireland Photonics Chapter
  - Sasitharan (Sasi) Balasubramaniam, Former IEEE Distinguished Lecturer for the Nanotechnology Council (September 6, 2021 - 2:00 pm - 4:00 pm)
- IEEE Nanotechnology Chapter Distinguished Lecture | Nanoplasmonics – Reaching Out to the Single Molecule (November 26, 2021 - 2:30 pm - 3:30 pm)

**Focus areas (2022-2023)**
