# **Innovation, Artificial Intelligence and Legal Liability**

**Mon. 12<sup>th</sup> December 2022, 3 pm, Online**

Systemic Innovation Special Interest Group (SISIG), under the systems council chapter of the IEEE UK & Ireland is delighted to announce another event in 2022.

Innovation comes with uncertainty and risk. When there are risks, there are always potential for failure which comes with liability and legal consequences. Understanding risks and potential ramification is vital to ensure that innovation is not stifled through fear of negative consequences for innovators.

This program is dedicated to exploring various perspectives on innovation risks, their owners, liability and its extent from a legal stand point. This event should be of interest to active innovators particularly those pushing boundaries in new and exciting fields, leading business and industry leaders, researchers and academics who maybe interested to learn about the legal aspects of their innovative activities.

## Programme

14:50 ; Registration

15:00 ; Introduction and Welcome”, Dr Farhad Fassihi, SISIG chair

15:10 ; “Innovation, Artificial Intelligence and Legal Liability”,  
Dr John Kingston, Senior Lecturer, Nottingham Trent University.

15:50 ; Q & A and closing remarks

16:10 ; Close

**Date**      **Monday 12th**      **December 2022**

## Speaker

**Dr John Kingston** is a senior Lecturer at the Computer Science Department of Nottingham Trent University. John has an extensive background in Artificial Intelligence and qualifications in Law. He has spent over 20 years at the University of Edinburgh and seven years in a range of roles in government and industry before returning to Academia. He also spent seven years in commercial and government roles.....

## Registration

**Free tickets for IEEE members and wider public available from :**
