

Chapter/Affinity Group: Education Activities Office
Reported by: Elhadj Benkhelifa

Key Achievements & member services in 2022

- Establishment of IEEE UK&I Education Activities Office
- Supporting Webinar Series led by SSIT Chapter
- Establish connection with IEEE EAB secretary (meeting already took place)
- Organising 4 IEEE technical sponsored conferences (IOTSMS and SNAMS 2022 in Milan and FMEC-SDS 2022 in Paris.)
- Delivered 4 Keynotes

Plan of activities for 2023

- Develop IEEE Education Week Package
- Contact with Chapters Chairs to align education activities with EAB initiatives and co-develop a plan for the plan, based on some defined priorities.
- Start discussions with the Section to support the launch of a Section supported conference, which can be labelled around Education and involve all chapters. Plan of conference is already drafted and will circulate soon.
- Connect with Region 8 EAO and EAB and organise more regular meetings to align Section activities with the Region's and EAB's (propose to organise Region 8 EAOs virtual meeting to share best practice)
- Support Education related Activities in the section as needed.
- Attracting more conferences to be organised in the UK (with the support of the UK Section)
- Taking up the IEEE Volunteer development training

Focus areas (2022-2023)

2022 Goals	2022 KPIs met?	2023 Goals	Challenges to reach KPIs/ Resources
Learning about EAB activities and structure	Yes	Working with the Section Chapters to develop a package for the IEEE Education Week	Chapters buy in. resources TBD
Connect with EAB	Yes	Progress with the idea of establishing a Section's supported conference and or increased visibility	
Establish Committee and Pans	In progress (before end of 2022)	Establish rapport with Region 8 EAO and EAB – possibly region 8 sections' EAOs meeting to discuss and share practice
