

Life Member and History Committee
Industrial Delivery
Brian Harrington and Rod Muttram

Key Achievements & member services in 2022

- Achieved: Milestone dedications and symposiums for “Active Shielding” (Eynsham) and “Baby” and “Virtual Memory” Computing (Manchester University).
- Current: Milestone dedication and symposium for the EMI CT Scanner (EMI Hayes and Royal Institution of Great Britain).
- HISTELCON 2023: Florence.

Plan of activities for 2023

- To support the IEEE Electrical Engineering Milestones programme to honour significant achievements in the history of electrical and electronics engineering.
- “To provide resources to Sections to Serve Industry Professionals and engage with local Industries”.

Focus areas (2022-2023)

2022 Goals	2022 KPIs met?	2023 Goals	Challenges to reach KPIs/ Resources
Milestone: Cavity Magnetron	Proposal is with IEEE History Committee	LEO: First Business Computer Milestone	Close cooperation with the LEO Computers Society
To resolve/select a partner organisation and progress professional registration (Rod and Izzet) a meeting will discuss with the IEEE President on 25/10/22		First Transatlantic Radio Broadcast Milestone	New members to the Life Member and History Committee would be very welcome

Desirable to resolve issues concerning financing of Milestone events
