DCU IEEE SB Presents
Expert talk
Role for Hydrogen in the Clean Energy Transition
About speaker: Dr James Carton is Assistant Professor in Sustainable Energy at Dublin City University, and is co-founder of Hydrogen Ireland Association and Hydrogen Mobility Ireland. Dr Carton is a member of the World Energy Council's Hydrogen Global Initiative and Hydrogen Taskforce Expert to the United Nations Economic Commission for Europe (UNECE).
Dr Carton has over 20 years of experience and his research focus on energy sustainability through innovative technology development: techno-economic modelling; hydrogen for mobility, and renewable energy storage. Currently, he is investigating the role of hydrogen to support of renewable energy storage and is also developing the necessary tools to guide the cost-effective and sustainable large-scale implementation of hydrogen technologies in Ireland.
