

Women in Smart Communications (WiSC) Event

Tuesday, March 28, 2023

Join us in an exciting engagement and networking event of a series of **Technical Talks** delivered by invited speakers from Academia and Industry whose expertise fall in the broad area of smart wireless communications networks.

The event will also host a women empowerment **Panel Discussion** on

“Women in Technology: Breaking the Barriers through Social Innovation”,

the panel will discuss how to turn career barriers into a success!

WiSM Technical Talks – Time: 14:00 – 16:30

WiSM Panel Discussion – Time: 16:30 – 17:30
