

Chapter/Affinity Group: IM Chapter
 Reported by: Dr.Sevket Cetinsel

Key Achievements & member services in 2023

1. Crosschapter collaborations led to delivering two seminar talks in 2023:
“Miniaturised and Passive-Inspired Millimetre-Wave Integrated Circuits in Silicon Technology” held on 22 June 2023.
“Super-Cutoff Analog Circuits for Picowatt-Power Operation” held on 27 June 2023.
2. Collaborated with student branch and Google Development Student Club (GDSC) to conduct student centric events and Hackathons

Plan of activities for 2024

- Co-sponsoring the **2024 International Conference on Pattern Recognition , ICPR 24** - scheduled on 15th July 2024
- Collaborating with GDSC to conduct more educational activities
- New initiative on Developing Researcher Talk series

Focus areas (2023-2024)

2023 Goals	2023 KPIs met?	2024 Goals	Challenges to reach KPIs/ Resources
Cosponsored 3 Technical talks	Co-sponsoring hybrid events	Organise more Technical Events	Committee member selection
Collaborated with the student branch to organize hackathons	Collaboration with educational initiatives such as GDSC	Sponsoring high profile conferences and initiating research talk series	Encourage more member participation
Discussions on more cross-chapter collaborations	Two technical talks were organized with collaboration from other chapters	Reviving students branches to have more educational activities	Funding and resources for in person events
